### Policy

---

Should a resident be required to commute to a mandatory rotation where the mileage is greater than 40 km one way, the resident will be reimbursed at the Canada Revenue Agency (CRA) prescribed rate. [Visit CRA's website for the latest mileage rate.](#)

For example, within Vancouver, using Vancouver General Hospital as the home base, locations **within** the 40 km radius include Lions Gate Hospital to the North; Richmond General, Delta Hospital, Surrey Memorial to the South; Burnaby General, Royal Columbian, Riverview and Eagle Ridge to the East.

**This policy applies to all residents doing rotations at all sites within the Province.**
