The arbitrator will have the ability to seek clarification from the parties.

All decisions of the arbitrator are to be limited in application to that particular dispute and are without prejudice. Those decisions shall have no precedential value and shall not be referred to by either party in any subsequent proceeding.

Each party shall submit to the arbitrator its written position, rationale, and any supporting documentation within ten (10) days of referring the matter to arbitration. All presentations are to be short and concise and are to include a comprehensive opening statement. The parties agree to make limited use of authorities during their presentation.

The arbitrator will issue a final and binding award within ten (10) days of receiving the submissions of the parties. The award shall be short and concise.

The parties shall share equally the fees and expenses of the arbitrator.

It is understood that it is not the intention of either party to appeal a decision under this section.

With the passage of time the basis upon which an arbitrator made his decision may change. If the basis for the decision changes, either party may reinstate the process up to and including referral to expedited arbitration.

RDBC retains the right to file a grievance regarding violations to Article 19.01. Should that occur, the process outlined in this article shall apply.

The Employer will consider requests for advances of expenses.

There shall be a day of scheduled non-working time between rotations, scheduled on the final day of the preceding block for the purpose of travel between rotations.

Accreditation standards, for education and teaching, shall be recognized and maintained.

Education activities that the Program Director deems the Resident must attend and where there is prior written approval of the Postgraduate Dean's Office, the Resident will have transportation costs between the sites reimbursed.

The Employer will authorize and provide a return trip to the Resident's program base at the end of every four-week block. Alternatively, a return trip will be provided to the Resident's partner.

In the event of a leave arising under Article 7.01, the Resident shall be reimbursed 50% of return travel expenses between the program base and the distributed location.

## **ARTICLE 29 - REDUCTION IN RESIDENCY POSITIONS**

In the event that a reduction in funding requires the Employers to reduce the number of residency positions, the Employers will ensure to the greatest degree possible that no lay-off of current Residents shall occur.

To accommodate reductions required by reduced funding the Employers will first reduce positions allocated to new entrants into Residency Programs.

## **ARTICLE 30 - PROVISION FOR IMMUNIZATIONS**

**30.01** Hepatitis B vaccination will be provided to Residents upon request.

**30.02** Where Residents are exposed to infectious or communicable diseases for which there are proven, protective immunizations, available, such immunization will be provided at no cost to the Resident.

**30.03** All Residents are required to present an immunization profile to the Employer which would include a history of immunizations for: hepatitis B, measles, mumps, rubella and DPT unless a Resident's physician has advised in writing that such a procedure may have an adverse effect on the Resident's health. Rubella is an exception where the Resident is of the opinion that a pregnancy is possible.

**30.04** All Residents are expected to have yearly influenza immunizations unless medically contraindicated.

## **ARTICLE 31 - PAYROLL RECORDS**

A Resident will be entitled, upon providing reasonable notice, to access their payroll records and/or personnel file maintained by the Employer. Upon request, a Resident shall be given copies of pertinent documents. A representative of the Union shall, upon submission of written authorization of the Resident, be given access to the payroll records in order to facilitate the investigation of a grievance.

## **ARTICLE 32 – OCCUPATIONAL HEALTH AND SAFETY**

**32.01** The Employer and RDBC agree to work together in the promotion of safe working conditions, prevention of workplace injuries and the promotion of safe work practices.

The Employer and RDBC will work together to ensure that Residents have clarity with respect to how to access appropriate Occupational Health Services in the event of work related injury or illness.

Where a Resident reports an illness or injury to the Employer, the Resident will be treated the same as other employees at the worksite where the incident occurred for all purposes relating to the illness or injury, including first aid eligibility and treatment at the worksite, and workers compensation arising from the illness or injury.

### **ARTICLE 33 – COPY OF AGREEMENT**

**33.01** The Employers will make available copies of the Collective Agreement in booklet form to Residents. The cost of printing will be shared equally between HEABC and RDBC.

### **ARTICLE 34 – CEREMONIAL, CULTURAL, SPIRITUAL AND COMPASSIONATE LEAVE FOR INDIGENOUS RESIDENTS**

Indigenous Residents have a right to manifest, practice, develop and teach their spiritual and religious traditions, customs and ceremonies and may require leave from work to exercise these rights.

#### **34.01 Definitions**

A **ceremonial, cultural, or spiritual event** under this Article includes any event that is significant to an Indigenous Resident's culture. Examples of significant cultural events include, but are not limited to, Hoohiyee, Pow-wows, Sundance, participation in a sweat lodge, coming of age events, feasts or ceremonies held following a significant family event (including the death of a family member).

"**Indigenous Elder**" means an individual designated as such by their community.

#### **34.02 Compassionate Leave for Indigenous Residents**

For the purposes of accessing compassionate leave under Article 7.01, the following definition of family applies: includes an Indigenous Resident's parent, step-parent, foster parent, guardian, spouse, child, step-child, foster child, sibling, step-sibling, sibling-in-law, grandparent, grandchild, parent-in-law, parent's sibling, parent's sibling's child, an Indigenous Elder, or any individual an Indigenous Resident considers family consistent with their Indigenous cultural practices.

#### **34.03 Ceremonial, Cultural, or Spiritual Events for Indigenous Residents**

- (a) Effective April 1, 2022, an Indigenous Resident may request up to two (2) days of leave per calendar year without loss of pay to participate in ceremonial, cultural, or spiritual event(s). The leave may be taken in one or more segments of time. Where such leave is requested, the leave shall not be unreasonably denied. Leave under this provision is in addition to an Indigenous Resident's entitlement to leave under Article 7.01 – Compassionate Leave as applicable (and per the expanded definition in 33.02 above). The number of days shall be increased to five (5) days per calendar year effective January 1, 2023.
- (b) Where an Indigenous Resident requires more than five (5) days' leave for a ceremonial, cultural, or spiritual event, the leave shall not be unreasonably denied. This additional leave is unpaid.

- (c) When requesting the leave, particularly for annual or recurring ceremonial, cultural, or spiritual events, the Resident will provide as much advance notice to the Program Director as possible; for unexpected ceremonies or events, the Resident will make every effort to provide at least seven (7) calendar days' notice of the leave.
- (d) Requests for leaves under this Article shall be made in writing to the Program Director. For clarity, the impact of leaves on a Resident's training is an academic matter between the Resident and the Residency Program.

**Re: Workload During Pregnancy**

HEABC recognizes that the training for Residents is such that an extended absence due to pregnancy could present difficulties in the completion of the training program. Under certain circumstances, it may be beneficial to the Resident, the Employer, and the University to have the workload modified somewhat because of the physical limitations caused by pregnancy to enable the person to continue training with minimal interruption.

In such cases, the Resident so affected, with counsel from her treating physician, midwife or nurse practitioner, shall review the issue with her Program Director. HEABC supports the position that, if in the opinion of that physician, midwife or nurse practitioner, a reduction in workload is warranted, then the workload shall be reduced to the extent prescribed by the physician, midwife or nurse practitioner, including the elimination of on-call duty if necessary.

This memorandum is subject to the grievance procedure contained in the Agreement.

**Re: Cost of Living Adjustment**

**Definitions**

“**General Wage Increase**” or “**GWI**” means the overall general wage increase expressed as a percentage.

“**Cost of Living Adjustment**” or “**COLA**” means a percentage-based general wage increase adjustment provided in accordance with this Memorandum of Agreement. COLA is an upward adjustment applied to and folded into all wage rates

The “**annualized average of BC CPI over twelve months**” (AABC CPI) means the *Latest 12-month Average Index % Change* reported by BC Stats in March for British Columbia for the twelve months starting at the beginning of March in the preceding year and concluding at the end of the following February.

The “**Latest 12-month Average Index**”, as defined by BC Stats, is a 12-month moving average of the BC consumer price indexes of the most recent 12 months. This figure is calculated by averaging index levels over the applicable 12 months.

The *Latest 12-month Average Index % Change* is reported publicly by BC Stats in the monthly BC Stats *Consumer Price Index Highlights* report. The BC Stats *Consumer Price Index Highlights* report released in mid-March will contain the applicable figure for the 12-months concluding at the end of February. The percentage change reported by BC Stats that will form the basis for determining any COLA increase is calculated to one decimal point. For reference purposes only, the annualized average of BC CPI over twelve months from March 1, 2021 to February 28, 2022 was 3.4%.

**COLA**

The COLA will be applied as applicable to the GWI effective on the first pay period after April 1, 2023 and April 1, 2024. The COLA will be calculated by determining the difference between the AABC CPI and the annual general wage increase to the maximum COLA prescribed that year in Wage Schedule – Grids.

### **April 2023**

If the 2023 AABC CPI exceeds the April 2023 GWI of 5.5%, then, on the first pay period after April 1, 2023 the April 2023 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2023 GWI and the 2023 AABC CPI up to a maximum of 1.25%.

### **April 2024**

If the 2024 AABC CPI exceeds the April 2024 GWI of 2.0%, then, on the first pay period after April 1, 2024 the April 2024 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2024 GWI and the 2024 AABC CPI up to a maximum of 1.00%.

**Re: Public Sector Wage Increase**

1. If a public sector employer, as defined in s. 1 of the *Public Sector Employers Act*, enters into a Collective Agreement with an effective date after December 31, 2021 and the first three years of the Collective Agreement under the Shared Recovery Mandate includes cumulative nominal (not compounded) general wage increases (GWIs) and Cost of Living Adjustments (COLAs) that, in accordance with how GWIs are defined and calculated in this LOA, are paid out and exceed the sum of the GWIs and COLAs that are paid out in the Collective Agreement, the total GWIs and COLAs paid out will be adjusted on the third anniversary of the Collective Agreement so that the cumulative nominal (not compounded) GWIs and COLAs are equivalent. This Memorandum of Agreement (MOA) is not triggered by any wage increase or lump sum awarded as a result of binding interest arbitration.
2. For the purposes of calculating the general wage increases in paragraph 1:
  - a) A \$0.25 per hour flat-rate wage increase for employees with their hourly wage rates set out in the Collective Agreement; or
  - b) Any alternative flat-rate wage increase for employees whose hourly wage rates are not set out in the Collective Agreement that is determined by the Public Sector Employers' Council Secretariat to be roughly equivalent to a \$0.25 per hour flat-rate wage increase;

Shall be considered to be a 0.5% general wage increase, notwithstanding what it actually represents for the average bargaining unit member covered by the Collective Agreement. For clarity, under paragraph 2 a), the combined GWIs of \$0.25 per hour and 3.24% in Year 1 are considered to be a single increase of 3.74% for this MOA. For example purposes only, combining the 3.74% increase (as it is considered in this MOA) in Year 1 with the maximum potential combined GWI and COLA increases of 6.75% in Year 2 and 3% in Year 3 would result in a cumulative nominal increases of 13.49% over three years.

3. For certainty, a general wage increase is one that applies to all members of a bargaining unit (e.g. Everyone receives an additional \$0.25 per hour, \$400 per year, or 1% increase) and does not include wage comparability adjustments, lower wage redress adjustments, labour market adjustments, flexibility allocations, classification system changes, or any compensation increases that are funded by equivalent Collective Agreement savings or grievance resolutions that are agreed to in bargaining.
4. A general wage increase and its magnitude in any agreement is as confirmed by the Public Sector Employers' Council Secretariat.
5. This MOA will be effective during the term of the Collective Agreement.

**RESIDENT DOCTORS OF BRITISH COLUMBIA**

**Re: Declaration on the Rights of Indigenous Peoples and Eliminating Indigenous Specific Racism in Healthcare**

The parties acknowledge the pervasive and ongoing harms of colonialism faced by Indigenous peoples. These harms include the widespread systemic racism against Indigenous peoples in BC's health system, as highlighted in the 2020 *In Plain Sight* report.

The parties agree to uphold the *United Nations Declaration on the Rights of Indigenous Peoples*, which has been brought into the laws of British Columbia under the *Declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c 44.

The parties commit to working together to address the ongoing harms of colonialism and racism faced by Indigenous patients, clients, Residents, service users, health care staff and providers, including by:

- Committing to reconciliation in health care by supporting comprehensive, system-wide changes that enable Indigenous-specific anti-racism, and cultural safety;
- Working together to actively identify, address and rectify barriers in Collective Agreements; and
- Working to increase the representation of Indigenous individuals in the healthcare workforce.

The parties acknowledge that a coordinated and integrated provincial and sector-wide approach is crucial to further these joint commitments to eliminate Indigenous-specific racism and to create a culturally safe health care system.

To date, and in furtherance of recommendation no. 19 of the *In Plain Sight* report, Ministry of Health has partnered with the National Collaborating Centre for Indigenous Health (NCCIH), housed at University of Northern BC, to build a collection of anti-racism, cultural safety and trauma-informed standards, policy, tools and resources for health care organizations, including developing new tools and resources specific to BC.

Accordingly, building on the work underway, the parties support the creation of a provincial forum, led by the Indigenous Health branch of the Ministry of Health, that will include representatives from HEABC, health authority Vice Presidents of Indigenous Health and other leaders, representatives of other HEABC members, and health sector bargaining associations to engage in collaborative discussions that will inform the work moving forward and best position the parties in future rounds of collective bargaining (the “**Forum**”). Ministry of Health may also invite representatives from other relevant groups identified by the Ministry of Health, including Indigenous elders or knowledge keepers, to participate in the Forum from time to time or on an ongoing basis.

By (date TBD), Ministry of Health will establish the Forum and present the Terms of Reference that will set out the purpose:

- To create a Forum for health authority Indigenous leaders and other leaders, and representatives of other HEABC members and unions to have continuing dialogue on the commitments stated above. The parties may use the Forum to present their ongoing or developing organizational initiatives, including the implementation of the Cultural Safety and Humility Standard, complaints processes, education, and training to eliminate Indigenous-specific racism and to hardwire cultural safety and humility into the workplace;
- To discuss ways to leverage resources being developed by NCCIH and Ministry of Health, as well as raising awareness of the wealth of resources within the health system now, including the repository of work housed with the NCCIH and resources already developed by health authorities;
- To discuss ways to address recruitment and retention of Indigenous staff, which may include developing recommendations for changes to Collective Agreement language in the next round of collective bargaining;
- To provide an opportunity for Ministry of Health to solicit feedback and report out on ongoing provincial initiatives, including continuing implementation of the *In Plain Sight* recommendations and the phased roll-out of the *Anti-Racism Data Act*, SBC 2022, c.18; and
- To improve awareness of and compliance with the *declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c 44.

It is understood that the Forum should serve all interested parties in the provincial health care sector, not only Residents. To that end, the parties will make all reasonable efforts to promote participation in the Forum on a provincial and sector-wide basis.

6. The Working Group will meet quarterly (or as otherwise agreed) and will complete their work prior to March 31, 2025.
7. The Working Group’s focus will be the advancement of diversity, equity and inclusion in health care workplaces and the Working Group will:

- Gather all necessary data in accordance with applicable privacy legislation in advance of the Working Group’s meetings to inform discussions and actions of the Working Group;
  - Conduct a review and analysis of available relevant data to benchmark the current state of the health care workforce with the intention to identify current gaps in under-represented workers;
  - Support the creation of a safe and discrimination-free workplace through identifying solutions to address barriers to employment and career advancement;

  - Review existing health authority/Providence Health Care (PHC) DEI programs and actions to identify gaps; and

    - i. Suggestions to the Ministry of Health for the supports and resources necessary to advance DEI initiatives and foster inclusive environments; and
    - ii. Suggestions to the Ministry of Health or health authorities/PHC on employee DEI training, which may include anti-racism training, gender and sexual diversity training, anti-harassment training, and disability awareness training.
8. The Working Group will make recommendations to PHHRCC.

**Re: Provincial Employer and Resident Occupational Health and Safety Committee**

The Employer and RDBC agree to cooperate in the promotion of safe working conditions, the prevention of accidents, the prevention of workplace injuries and the promotion of safe workplace practices.

The parties recognize that there are unique challenges when it comes to addressing OH&S issues that impact Residents, who are employees and learners under a Distributed Medical Education model which requires many of them to work at different sites for more than one Employer in order to complete their Residency Program.

The parties agree that the Employer and RDBC will establish a provincial committee on Resident Occupational Health and Safety (the "Committee"), within a hundred and twenty (120) days of ratification, to discuss OH&S issues affecting Residents.

The Committee will meet at least twice per year, or within thirty (30) days at the request of any party. When responding to requests to meet on short notice, the parties will give matters of an urgent nature priority.

The Committee will consist of RDBC and Employer representatives, including OH&S representatives. UBC will be invited to participate in the Committee in recognition of the Residents' dual status as learner and employee. Each party will bear its own costs of participation in the Committee.

The Committee will:

- Discuss Resident OH&S issues and concerns;
- Ensure alignment with other OH&S committees, organizations and systems, including incident reporting systems;
- Facilitate co-operation between RDBC and Employers on Resident OH&S issues; and
- Facilitate information sharing.

Article 2.08 will apply to Residents fulfilling their duties as an appointed representative of RDBC on the Committee.

And whereas the BC Health Care Occupational Health and Safety Society (currently known as SWITCH BC) was jointly established in November 2020 to provide the organizational basis for an innovative and collaborative initiative to influence, invest in and support province wide initiatives to improve health care worker health and safety. SWITCH BC was built on the following principles:

The parties acknowledge the hard work of employees, Employers and Unions in responding to the COVID-19 pandemic.

Throughout the COVID-19 pandemic, the parties recognized the value of collaboration and cooperation, and convened a provincial occupational health and safety forum to share information and address provincial-level issues as they arose. The parties found this forum was effective in supporting the pandemic response and addressing health and safety concerns.

The parties acknowledge the importance of learnings from previous public health emergencies, such as those outlined in the 2003 Ontario SARS Commission final report.

The parties acknowledge the importance of providing timely information to employees and JOHSC.

Accordingly, the parties agree to establish a pandemic information sharing forum (the “forum”) where a public health emergency is declared by the Government of British Columbia that creates a health risk for a significant number of employees.

**Re: Joint Provincial Health Human Resources Coordination Centre (PHHRCC) – Bargaining Association Consultation Forum**

Social, environmental, demographic, and economic factors are increasing the demand for healthcare within British Columbia. To deliver the required services a skilled and engaged workforce is required. That workforce is integral to a robust, accessible public system with the ability to rapidly respond to key challenges.

The past few years have been a time of unprecedented change and challenge for B.C.'s health workforce. It is important for the system to have a coordinated approach to identify important themes, address challenges, and build upon existing resources to create a sustainable, equitable, and effective healthcare system.

To effectively deliver on this work the Ministry of Health has established a new Provincial Health Human Resources Coordination Centre (PHHRCC) with membership from the Ministry of Health, Health Sector Workforce and Beneficiary Services Division, regional health authorities, the Provincial Health Services Authority, the Health Employers Association of B.C., and the First Nations Health Authority. The PHHRCC reports to Leadership Council.

The PHHRCC is intended to bring significant focus, attention and discipline to key provincial- level human resource planning activities and initiatives. It will identify strategic actions, develop implementation plans for key approaches, and provide governance, oversight and monitoring of the implementation of these plans. The PHHRCC will look at both intermediate and long-term strategies and actions, as well as address urgent challenges through immediate action, including a focus on supporting Indigenous workers and supporting development of a culturally safe workplace.

In furtherance of the work of the PHHRCC, the Ministry of Health wishes to create a forum for input from Unions. To that end, on a regular basis the Ministry will convene a joint PHHRCC – Bargaining Association consultation forum for the following purposes:

1. Seek input from the Bargaining Associations on evolution and implementation of the Provincial Health Human Resource (HHR) Strategy.
2. Seek input from the Bargaining Associations on issues facing their members with respect to HHR plans, including a specific focus on supporting equity and diversity in the workforce and advancing the recommendations set out through In Plain Sight.
3. Seek input from the Bargaining Associations on specific initiatives and plans, including a specific focus on strategies or actions to support the retention of the workforce, including mental health and wellness.
4. Consult with the Bargaining Associations on other initiatives that may be considered by PHHRCC.

PHHRCC acknowledges the mutual covenants binding the Parties (HEABC and RDBC) through the terms and conditions of the Collective Agreement. When enacting activities and initiatives, PHHRCC shall give recognition to the process for amending these terms and conditions.

By XX, the Ministry of Health will convene the Forum and present the Terms of Reference for input prior to finalization by the Ministry.

The Ministry intends for this Forum to serve all interested parties in the provincial health care sector, not only RDBC. To that end, the Ministry will make efforts to promote participation in the Forum on a provincial and sector-wide basis.

The Ministry of Health shall hold the Forum semi-annually, or more frequently as deemed necessary.

### Section 2 – Waiting Period and Benefits

- (A) **Employees Disabled on or after April 1, 2019**
- (1) In the event an employee, while enrolled in this Plan, becomes totally disabled on or after April 1, 2019 as a result of an accident or sickness, then, after the employee has been totally disabled for five (5) months the employee shall receive a benefit equal to seventy per cent (70%) of the first \$4,028 of the pre-disability monthly earnings and fifty per cent (50%) on the pre-disability monthly earnings above \$4,028 or 66-2/3%

of pre-disability monthly earnings, whichever is more. The \$4,028 level is to be increased annually by the increase in the weighted average wage rate for employees under the collective agreement for the purpose of determining the benefit amount for eligible employees as at their date of disability.

It is understood that this adjustment will only be applied once for each eligible employee, i.e., at the date of the disability, to determine the benefit amount to be paid prospectively for the duration of entitlement to benefits under the LTD plan.

- (2) In the event that the benefit falls below the amount set out in Section 2(A)(1) above for the job that the claimant was in at the time of commencement of receipt of benefits, LTD benefits to be adjusted prospectively to seventy per cent (70%) of the first \$4,028 of the current monthly earnings and fifty per cent (50%) on the current monthly earnings above \$4,028 or 66-2/3% of current monthly earnings, whichever is more based on the wage rate in effect following review by HBT every four years. (Note: the \$4,028 figure will be adjusted as set out in Section 2(A)(1) above).

**(B) All Claimants**

For the purposes of the above, earnings shall mean basic monthly earnings (including isolation allowances where applicable) as at the date of disability. Basic monthly earnings for regular part-time employees shall be calculated on the basis of the employee's average monthly hours of work for the twelve-month period or such shorter period that the employee has been employed, prior to the date of disability, multiplied by his/her hourly pay rate as at the date of disability.

The long-term disability benefit payment shall be made so long as an employee remains totally disabled and shall cease on the date the employee reaches age sixty-five (65), recovers, dies, or is eligible for early retirement, whichever occurs first.

- (C) Employees who still have unused sick leave credits after the waiting period when the LTD benefit becomes payable shall have the option of:

- (1) exhausting all sick leave credits before receiving the LTD benefit;
- (2) using sick leave credits to top off the LTD benefit; or
- (3) banking the unused sick leave credits for future use.

- (D) Employment status during the intervening period between expiration of sick leave credits and receipt of long-term disability benefits:

Employees who will be eligible for benefits under the Long-Term Disability Plan shall not have their employment terminated; following expiration of their sick leave credits they shall be placed on unpaid leave of absence until receipt of long-term disability benefits.

- (E) Employees are not to be terminated for non-culpable absenteeism, while in receipt of LTD benefits.

**Section 3 – Total Disability Defined**

**(A) Employees Disabled on or after April 1, 2019**

Total Disability, as used in this Plan, means the complete inability because of an accident or sickness, of a covered employee to perform the duties of his/her own occupation for the first two (2) years of disability. Thereafter, an employee who is able by reason of education, training, or experience to perform the duties of any gainful occupation for which the rate of pay equals or exceeds seventy per cent (70%) of the current rate of pay for his/her regular occupation at the date of disability shall no longer be considered totally disabled under the Plan. However, the employee may be eligible for a Residual Monthly Disability Benefit.

**Residual Monthly Disability Benefit**

The Residual Monthly Disability Benefit is based on 85% of his/her rate of pay at the date of the disability less the rate of pay (the minimum being equal to seventy per cent (70%) of the current rate of pay for his/her regular occupation) applicable to any gainful occupation that the employee is able to perform. The Residual Monthly Disability Benefit will continue until the rate of pay (the minimum being equal to seventy per cent (70%) of the current rate of pay for her regular occupation) applicable to any gainful occupation that the employee is able to perform equals or exceeds 85% of the rate of pay for his/her regular occupation at the date of the disability. The benefit is calculated using the employee's monthly LTD net of offsets benefit and the percentage difference between the 85% of the employee's rate of pay at the date of disability and the rate of pay (the minimum being equal to seventy per cent (70%) of the current rate of pay for her regular occupation) applicable to any gainful occupation that she is able to perform.

**Example:**

(a) Monthly LTD net of offsets benefit	=	\$ 1000.00	per month
(b) 85% rate of pay at date of disability	=	\$ 13.60	per hour
(c) 70% of current rate of pay	=	\$ 12.12	per hour
(d) percentage difference [(b/c) - 1]	=	12.2	%
(e) Residual Monthly Disability Benefit (a x d)	=	\$ 122.00	

**(B) All Claimants**

- (1) Total disabilities resulting from mental or nervous disorders are covered by the Plan in the same manner as total disabilities resulting from accidents or other sicknesses.
- (2) During a period of total disability an employee must be under the regular and personal care of a legally qualified doctor of medicine.

**(3) Commitment to Rehabilitation**

In the event that an employee is medically able to participate in a rehabilitation activity or program that:

- (a) can be expected to facilitate his/her return to his/her own job or other gainful occupation; and
- (b) is recommended by HBT or another rehabilitation service provider and approved as a Rehabilitation Plan, then,

the entitlement to benefits under the LTD Plan will continue for the duration of the Approved Rehabilitation Plan as long as he/she continues to participate and cooperate in the Rehabilitation Plan. If the Plan involves a change in own occupation, the LTD benefit period will continue at least until the end of the first two (2) years of disability. In addition, the employee may be eligible for the Rehabilitation Benefit Incentive Provision.

The Rehabilitation Plan will be jointly determined by the employee (and, if the employee chooses, his/her union) and HBT or another rehabilitation service provider. In considering whether or not a rehabilitation plan is appropriate, such factors as the expected duration of disability, and the level of activity required to facilitate the earliest return to a gainful occupation will be considered along with all other relevant criteria. A rehabilitation plan may include training. Once the Rehabilitation Plan has been determined, the employee and the HBT or another rehabilitation service provider will jointly sign the Terms of the Rehabilitation Plan which will, thereby, become the Approved Rehabilitation Plan and the employee's entitlement to benefits under the LTD plan shall continue until the successful completion of the Approved Rehabilitation Plan, provided the eligible employee is willing to participate and cooperate in the Approved Rehabilitation Plan. In addition, the employee may be eligible for any, or all, of the Rehabilitation Benefit Incentive Provisions.

**(4) Rehabilitation Review Committee**

- (a) In the event that the eligible employee does not agree:
  - (i) with the recommended rehabilitation plan, or,
  - (ii) that he/she is medically able to participate and cooperate in the Rehabilitation Plan as defined in the Terms of the Rehabilitation Plan, then, to ensure benefit entitlement under the LTD Plan, the employee must either:
    - (iii) be able to demonstrate reasonable grounds for being unable to participate and cooperate in a rehabilitation plan; or,
    - (iv) appeal the dispute to the Rehabilitation Review Committee for a resolution.
- (b) During the appeal process, the employee's benefit entitlement under the LTD Plan shall not be suspended.

The Rehabilitation Review Committee shall be composed of three qualified individuals who, by education, training, and experience are recognized specialists in the rehabilitation of disabled employees. The Committee members shall be composed of one (1) Employer nominee, one (1) union nominee and a neutral chair appointed by the nominees. The purpose of the Rehabilitation Review Committee shall be to resolve the appeal of an eligible employee who:

- (i) does not agree with the recommended Rehabilitation Plan; or,
- (ii) does not agree that he/she could medically participate in the Rehabilitation Plan.

During the appeal process, the eligible employee's entitlement to benefits under the LTD Plan shall continue until the Committee has made its decision. The decision of the Committee shall determine whether or not the eligible employee is required to participate and cooperate in the Rehabilitation Plan approved by the Committee. In

the event that the eligible employee does not accept the Committee's decision his/her entitlement to benefits under the LTD Plan shall be suspended until such time as the eligible employee is willing to participate and cooperate in the Approved Rehabilitation Plan.

**(5) Rehabilitation Benefit Incentive Provisions**

- (a) An employee who has been unable to work due to illness or injury and who subsequently is determined to be medically able to:
  - (i) return to work on a gradual or part-time basis
  - (ii) engage in a physical rehabilitation activity; and/or
  - (iii) engage in a vocational retraining programshall be eligible for any, or all, of the Rehabilitation Benefit Incentive Provision.
  
- (b) The intent of the Provision is to assist the employee with a return to a gainful occupation. In many situations, an employee who returns to work by participating and cooperating in an Approved Rehabilitation Plan will be able to increase his/her monthly earnings above the LTD benefit amount. The objective of the Rehabilitation Benefit Incentive Provision is to promote the successful completion of the Rehabilitation as follows:
  - (i) The employee, who upon return to gainful rehabilitative employment under an Approved Rehabilitation Plan, will be entitled to receive all monthly rehabilitation earnings plus a monthly LTD benefit up to the amount set out in Section 2(A) of the Plan, provided that the total of such income does not exceed one hundred per cent (100%) of the current rate of pay for his/her regular occupation at the date of the disability;
  - (ii) Upon successful completion of the Approved Rehabilitation Plan, the LTD benefit period may be extended for a maximum of six (6) months for the purpose of job search; and,
  - (iii) The eligible employee shall be entitled to participate in the Job Exploration and Development program.

“Rehabilitative employment” shall mean any occupation or employment for wage or profit or any course or training that entitles the disabled employee to an allowance, provided such rehabilitative employment has the approval of the employee's doctor and the underwriter of the Plan.

If earnings are received by an employee during a period of total disability and if such earnings are derived from employment which has not been approved as rehabilitative employment, then the regular monthly benefit from the Plan shall be reduced by one hundred per cent (100%) of such earnings.

**Section 4 – Exclusions from Coverage**

The Long-Term Disability Plan does not cover total disabilities resulting from:

- (A) war, insurrection, rebellion, or service in the armed forces of any country;
- (B) voluntary participation in a riot or civil commotion, except while an employee is in the course of performing the duties of his/her regular occupation;

(C) intentionally self-inflicted injuries or illness.

### **Section 5 – Integration with other Disability Income**

In the event a totally disabled employee is entitled to any other income as a result of the same accident, sickness, mental or nervous disorder that caused him/her to be eligible to receive benefits from this Plan, the benefits from this Plan shall be reduced by one hundred per cent (100%) of such other disability income.

Other disability income shall include but is not limited to:

- (A) any amount payable under any Workers' Compensation Act or law or any other legislation of similar purpose; and
- (B) any amount the disabled employee receives from any group insurance, wage continuation, or pension plan of the Employer that provides disability income; and
- (C) any amount of disability income provided by an compulsory act or law, but excluding payments from the Insurance Corporation of BC (ICBC) for motor vehicle accidents that occurred on or after May 17, 2018; and
- (D) any periodic primary benefit payment from the Canada or Quebec Pension Plans or other similar social security plan of any country to which the disabled employee is entitled or to which he/she would be entitled had they applied for such a benefit; and
- (E) any amount of disability income provided by any group or association disability plan to which the disabled employee might belong to or subscribe.

Private or individual disability plan benefits, including the RBC insurance plan and the DBC plan, shall not reduce the benefit from this Plan.

The amount by which the disability benefit from this Plan is reduced by other disability income shall be the amount to which the disabled employee is entitled upon becoming first eligible for such other disability income. Future increases in such other disability income resulting from increases in the Canadian Consumer Price Index or similar indexing arrangements shall not further reduce the benefit from this Plan, until the LTD benefit payable is recalculated to reflect current wage rates [refer also to 2 (A)(2)].

### **Section 6 – Successive Disabilities**

If, following a period of total disability with respect to which benefits are paid from this Plan, an employee returns to work for a continuous period of six (6) months or more, any subsequent total disability suffered by that employee, whether related to the preceding disability or not, shall be considered a new disability and the disabled employee shall be entitled to benefit payments after the completion of another waiting period.

In the event the period during which such an employee has returned to work is less than six (6) months and the employee again suffers a total disability that is related to the preceding disability, the subsequent disability shall be deemed a continuation of the preceding disability, and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

Should such an employee suffer a subsequent disability that is unrelated to the previous disability and provided the period during which the employee returned to work is longer than one (1) month, the subsequent disability shall be considered a new disability and the employee shall be entitled to

benefit payments after the completion of another waiting period. If the period during which the employee returned to work is one (1) month or less, the subsequent disability shall be deemed a continuation of the preceding disability and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

### **Section 7 – Leave of Absence**

Employees on leave of absence without pay may opt to retain coverage under the Plan and shall pay the full premium. Coverage shall be permitted for a period of twelve (12) months of absence without pay, except if such leave is for educational purposes, when the maximum period shall be extended to two (2) years. If an employee on leave of absence without pay becomes disabled, his/her allowance under this Plan shall be based upon monthly earnings immediately prior to the leave of absence.

### **Section 8 – Benefits Upon Plan Termination**

In the event this Long-Term Disability Plan is terminated, the benefit payments shall continue to be paid in accordance with the provisions of this Plan to disabled employees who became disabled while covered by this Plan prior to its termination.

### **Section 9 – Premiums**

The cost of this Plan shall be borne by the Employer. Payment of premiums shall cease on termination of employment or five (5) months prior to an employee's sixty-fifth (65<sup>th</sup>) birthday, whichever occurs first.

### **Section 10 – Waiver of Premiums**

The premiums of this Plan shall be waived with respect to disabled employees during the time such an employee is in receipt of disability benefit payments from this Plan.

### **Section 11 – Claims**

Long-term disability claims shall be adjudicated and paid by a claims-paying agent to be appointed by the Parties. In the event a covered employee disputes the decision of the claims-paying agent regarding a claim for benefits under this Plan, the employee may arrange to have his/her claim reviewed by a claims review committee composed of three medical doctors – one designated by the claimant, one by the Employer, and a third agreed to by the first two doctors.

Written notice of a claim under this Plan shall be sent to the claims-paying agent no longer than forty-five (45) days after the earliest foreseeable commencement date of benefit payments from this Plan or as soon thereafter as is reasonably possible. Failure to furnish the required notice of claim within the time stated shall not invalidate nor reduce the claim if it was not reasonably possible to file the required notice within such time, provided the notice is furnished no later than six (6) months from the time notice of claim is otherwise required.

### **Section 12 – Administration**

The Employer shall administer and be the sole trustee of the Plan. The Union shall have access to any reports provided by the claims-paying agent regarding experience information.

All questions arising as to the interpretation of this Plan shall be subject to the grievance and arbitration procedures in the Provincial Collective Agreement.

### **Section 13 – Provincial Collective Agreement Unprejudiced**

The terms of the Plan set out above shall not prejudice the application or interpretation of the Provincial Collective Agreement.

### **Section 14 – LTD Plan Early Retirement Incentive Provision**

The LTD Plan Early Retirement Incentive Benefit is to ensure that the eligible employee will not realize a pension benefit that is less than the pension benefit that he/she would have been entitled to receive at the normal retirement date, had he/she not applied for early retirement, regardless of when the early retirement incentive provision is activated.

- (A) An employee under this Agreement who is:
- (1) eligible for LTD benefits and who has been in receipt of LTD for four (4) years or more;
  - (2) eligible for early retirement pension benefits; and
  - (3) not eligible for the LTD Plan Rehabilitation Provisions
- shall apply for early retirement.

The employee's entitlement to benefits under the LTD Plan shall, provided the employee remains eligible as per the definition of Total Disability, continue during the period of time that his/her application for early retirement is being processed with his/her pension plan administrator. In the event that the employee is not eligible for an unreduced pension benefit, he/she may still be eligible for the LTD Plan Early Retirement LTD Incentive Benefit.

- (B) Entitlement to and the amount of the LTD Plan Early Retirement Incentive Benefit shall be determined by considering the following factors:
- (1) the amount of the monthly pension benefit that the employee would have been entitled to receive if early retirement was not elected;
  - (2) the amount of the monthly early retirement benefit that the employee will receive;
  - (3) the amount of the gross monthly LTD benefit that the employee is entitled to receive;
  - (4) the amount of the net-of-offsets monthly LTD benefit that the employee is entitled to receive; and,
  - (5) the maximum LTD benefit duration period applicable to the employee.

If the combination of superannuation benefit, Canada Pension Plan retirement benefit and any other disability income referred to in Section 5 of the LTD Plan results in monthly income of less than the LTD monthly income benefit, then the eligible employee shall be entitled to remain on LTD benefits.

- (C) An employee who is eligible for the LTD Plan Early Retirement Incentive Benefit shall be entitled to receive the benefit in a lump sum, or direct the Healthcare Benefit Trust to any other designate. The employee shall complete an LTD Plan Early Retirement Incentive Benefit Application. Upon approval of the employee's application, the employee and the Healthcare Benefit Trust will jointly sign the Terms of the LTD Plan Early Retirement Incentive

Benefit and the employee and representatives of the Parties to the Collective Agreement shall sign the LTD Plan Early Retirement Incentive Agreement.

- (D) All eligible employees who are entitled to the LTD Plan Early Retirement Incentive Benefit shall be entitled to the continuation of the Life Benefit coverage in effect until age 65 years of age, or death, whichever is earlier.

## **Section 15 – Return to Work Programs**

An employee involved in a return to work program will receive pay and benefits as set out below.

Employees participating in a return to work program for fourteen point four (14.4) hours or more per week) are entitled to all the benefits of the agreement, on a proportionate basis, except for medical, extended health and dental plan coverage, which shall be paid in accordance with Article 15 of the Collective Agreement.

- (a) Employees who have no accumulated sick leave credits and who have been granted an unpaid sick leave and/or who are awaiting acceptance of an LTD claim:

Receive pay and appropriate premiums for all hours worked in the program, medical, dental, extended health coverage, group life and LTD premiums and superannuation payments are reinstated on commencement of the program and all other benefits are implemented when working fourteen point four (14.4) hours or more per week.

The period that the employee is involved in a return to work program shall be considered as part of the recovery process and will not be used or referred to by the Employer in any other proceedings, other than proceeding under the Long Term Disability Plan (Claims Review Committee and Rehabilitation Review Committee).

*\*This Letter of Understanding (colloquially referred to as the “Tri-Party LOU”) is included herein for reference only and does not form part of the collective agreement.*

**LETTER OF UNDERSTANDING  
BETWEEN**

**HEALTH EMPLOYERS ASSOCIATION OF BRITISH COLUMBIA**

**("HEABC")**

**AND**

**RESIDENT DOCTORS OF BRITISH COLUMBIA**

**("RDBC")**

**AND**

**THE UNIVERSITY OF BRITISH COLUMBIA**

**("UNIVERSITY")**

(also, collectively referred to as the **"Parties"**)

**Re: Administration of Employment Matters Affected by Academic Decisions and Other Matters Referenced in this LOU**

WHEREAS the Parties acknowledge that decisions made by the University in furtherance of Academic goals and objectives may also affect the terms and conditions of employment of Residents; and

WHEREAS the University is not a party to the collective agreement between HEABC, on behalf of certain HEABC members (collectively, the "Employers" and singularly, an "Employer"), and RDBC (the "Collective Agreement") that sets out the terms and conditions of employment of the Residents; and

WHEREAS HEABC, RDBC and the University wish to accurately describe and define the relationships that exist amongst them concerning the Residents and wish to provide a mechanism for coordinating administration of those University "Academic Decisions" (as defined herein) and other matters referenced in this LOU that also affect the terms and conditions of employment of the Residents.

THEREFORE HEABC, RDBC and the University agree as follows:

1. The definitions in this Letter of Understanding will be as provided in the Collective Agreement unless otherwise defined in this Letter of Understanding.
2. Nothing in this Letter of Understanding can or should be construed as creating an employment relationship between the Residents and the University. The Parties agree that neither this Letter of Understanding, nor any activities carried out in furtherance of the terms of this Letter of Understanding, will be referred to or relied upon as evidence of an

employment relationship between the Residents and the University in any proceedings involving any or all of the Parties.

3. As long as this Letter of Understanding is in effect RDBC and HEABC agree that the Articles of the Collective Agreement and other matters set out in Appendix A (“Appendix A”) will be administered in accordance with the terms of this Letter of Understanding.
4. RDBC and HEABC will continue to bargain collectively for the successive renewal of the Collective Agreement pursuant to its terms which include those matters in Appendix A.
5. The University will provide RDBC with a list of new Residents, where possible, prior to April 1 of each year, and with the information enumerated in article 2.05 of the Collective Agreement.

### **Academic Matters**

6. **Definition.** “Academic Decision”, as that term is used in this Letter of Understanding, shall mean a decision made by the University in furtherance of Academic objectives including those related to meeting Royal College of Physicians and Surgeons of Canada (“RCPS”) or College of Family Physicians of Canada (“CFPC”) requirements. For clarity, the definition of “Academic” in s. 1 of the Collective Agreement is incorporated into the definition of “Academic Decision”.
7. **Assignment.** Assignment of Residents to rotations in an Employer's facilities is a matter wholly within the jurisdiction of the University. An Employer cannot provide employment to a Resident who has not been assigned to an Employer's facilities by the University.
8. **Evaluation.** The University in its sole discretion determines whether a Resident has met the attendance requirements to permit Academic evaluation in any given rotation in a Residency Program.
9. **Scheduling and related functions.** The University, through the Program Directors and/or Chief (Administrative) Residents, is responsible for scheduling Residents, both for their regular duty hours and for call, and, except as provided for in this Letter of Understanding or as required to meet Academic requirements, agrees to schedule Residents in accordance with the applicable matters in Appendix A. Scheduling includes granting of leaves of absence and vacation, granting of flex days and days in lieu of statutory holidays. The scheduling responsibility also includes liaising with the Employer and the long term disability provider respecting their administration of long term disability. The University will direct payroll with regards to Resident eligibility for allowances and stipends under Article 22 (mileage and Chief Resident positions).
10. **Academic Decisions.** Where the University makes an Academic Decision that a strict application of any of Appendix A Articles 7, 8, 11, 12, 13, 19 or 20 conflicts with the academic requirements of a Resident, or a Residency Program, the University may decide to vary the application to the Resident of the applicable matter(s) in Appendix A. The University agrees that such variances will only be made where necessary to comply with its policies and in

furtherance of Academic objectives including but not limited to those related to meeting RCPS and CFPC requirements. The University agrees that, where it is necessary to vary the application to the Resident of the applicable matter(s) in Appendix A, it will vary the application to the minimum extent necessary to achieve compliance with its policies and to further Academic objectives relating to RCPS and CFPC requirements.

11. **Disputes regarding Academic Decisions.** A decision made by the University that is an Academic Decision is not subject to the dispute resolution process set out in this Letter of Understanding or under any process available in the Collective Agreement, but a Resident may avail themselves of the provisions of Section 12 and 13 of this Letter of Understanding. The University acknowledges that RDBC may provide advice and support to the Resident regarding decisions made by the University under Section 10 of this Letter of Understanding and that RDBC, at the Resident's request, may attend meetings solely to provide such advice and support.
12. **Review of Academic Decisions.** If the Resident is unable to resolve any dispute with the Program Director related to an Academic Decision made by the University under Section 10 of this Letter of Understanding, then the Resident may refer the matter to the Associate Dean, Postgraduate Medical Education (the "Associate Dean") for further discussion. The University acknowledges that RDBC may provide advice and support to the Resident regarding this process and that RDBC, at the Resident's request, may attend any meetings with the Associate Dean, to discuss the dispute arising under Section 10 of this Letter of Understanding, solely to provide such advice and support.
13. **Arbitration of whether a decision is an Academic Decision.** Where the Associate Dean confirms the decision to vary the strict application of the Appendix A Article(s) in question pursuant to Section 12 above, RDBC may refer the matter to an arbitrator appointed under Section 22 of this Letter of Understanding. RDBC's challenge to the decision to vary will be limited to whether or not the University's decision was an Academic Decision. Where the arbitrator concludes that the decision was an Academic Decision, then the matter is not arbitrable. Where the arbitrator concludes that the decision was not an Academic Decision, then the dispute on the variance is arbitrable and the arbitrator has jurisdiction to fashion an appropriate remedy for the failure to adhere to the applicable Article(s) of the Collective Agreement.
14. **Decisions regarding Academic performance.** For clarity, RDBC acknowledges that any dispute arising from an Academic Decision by the University that a Resident's performance is not meeting Academic standards such that remediation and/or probation and/or dismissal from the Program may be warranted will not be resolved pursuant to the dispute resolution processes outlined in this Letter of Understanding or under the Collective Agreement. The University agrees that RDBC may, at the request of the Resident, attend meetings regarding remediation, probation or dismissal solely for the purpose of providing support and advice to the Resident.
15. **University policies.** The University will disclose to RDBC and to HEABC any University policies (as amended from time to time) which may have an impact on scheduling, or the

granting of vacation or other leaves, and which may be the basis for scheduling- or leave-granting decisions that vary the application of the applicable Article(s) and MOUs listed in Appendix A.

### **Joint Committee**

16. The Parties will establish a Joint Committee consisting of three representatives from each of the University, the Employers and RDBC. One of the representatives from RDBC may be a Resident. Each of the Parties will advise the others of the identity of its nominees to the Joint Committee within two months of the date of renewal of this Letter of Understanding and will advise promptly of any changes to the Joint Committee's membership.
17. The Joint Committee will address issues arising from the administration of the Article(s) and other matters listed in Appendix A to this Letter of Understanding.
18. The Joint Committee will meet if:
  - i. two or more of the Parties request a meeting; or
  - ii. one party requests a meeting to discuss an issue(s) with broad policy implications;but will in any event meet not less than four (4) times in each year of this Letter of Understanding. Meetings may be convened by conference call if necessary.
19. The Joint Committee may consider proposals for:
  - (a) Varying the application of the scheduling, rounding, on-call and shift work in the applicable Articles based on clinical services requirements.
20. The Joint Committee may develop, by consensus, its own processes for considering and making decisions with respect to variances.

### **Dispute Resolution**

21. Except as otherwise provided in this Letter of Understanding, disputes with regard to the administration of the applicable Article(s) and other matters in Appendix A will be referred to the Joint Committee for discussion. Any of the Parties may bring such a dispute before the Joint Committee.
22. If the Joint Committee fails to reach a consensus, and thus resolve the issues in dispute, the dispute may be referred to the next designated arbitrator listed in Article 4 of the Collective Agreement who will hear the matter on an expedited basis in accordance with the following:
  - i. Hearings will be scheduled as promptly as possible and must, in any event, be scheduled within sixty calendar days of the referral.

- ii. RDBC will represent the Resident at the hearing and any of the Parties may retain legal counsel to present their cases to the arbitrator. Prior to rendering a decision, the arbitrator may assist the parties in mediating a resolution to the matter.
  - iii. The arbitrator will hear the matter and will render a decision within ten (10) working days of the conclusion of such hearings. No written reasons for the decision will be provided beyond that which the arbitrator deems appropriate to convey the decision.
  - iv. All decisions of the arbitrator are to be limited in application to the particular dispute and are without precedent or prejudice. Decisions will be used by the Parties to inform the next round of collective bargaining.
  - v. The parties agree that decisions of the arbitrator will not be appealed on the merits; however, section 99(a) of the *Labour Relations Code* applies to such decisions.
  - vi. The Parties will equally share the cost of the fees and expenses of the arbitrator.
  - vii. The arbitrator will have the powers of an arbitration board under Part 8 of the *Labour Relations Code*.
23. HEABC and RDBC agree that the grievance procedure and arbitration provisions in the Collective Agreement will remain intact for resolution of all disputes arising under the Collective Agreement other than those disputes related to the applicable Articles and other matters in Appendix A for which provision is made in this Letter of Understanding. The grievance procedure and arbitration provisions under the Collective Agreement will not apply to the Articles and other matters identified in Appendix A.
24. While this Letter of Understanding is in effect, RDBC and HEABC agree that Article 19.02 of the Collective Agreement is inoperative.

**Notice to End Letter of Understanding**

25. This Letter of Understanding may be terminated by HEABC, the University or RDBC on provision of six (6) months written notice to each of the other parties.
26.
